

FOR IMMEDIATE RELEASE:
Corona, CA (November 2, 2009)

42 Podiums and Counting

2009 has shown to be a new era of short course off road racing. The birth of two spin off sanctioning bodies has spawned a new blood of racers. The competition is thick with fresh talent and seasoned veterans. Well rounded marketing combined with competent TV Packages serves sponsors great exposure and value to support race teams while collaborating with event organizers.

Premiere Motorsports Group aligned with Rockstar Energy, Hart and Huntington, along with a host of supporting partners, began the season with a goal and initiative to develop a top notch professional motorsport organization and race competitively in all divisions of short course off road racing. Since day one of the 2009 season, this professional motorsports team has claimed their programs as contenders for victories and championships. Backing up the pitch with consistent top 3 finishes, Rockstar Hart and Huntington Racing has achieved 42 podiums so far in 2009. With two more rounds of Lucas Oil Off Road Racing to go and the championships to be decided, plus the Rockstar Challenge Cup, you can be certain that this off road powerhouse will have even more to celebrate at the close of the season.

Premiere Motorsports Group possesses two powerful weapons and has aimed them both to take down the competition in the Lucas Oil Off Road Series and Traxxas Off Road Championship Racing. Chris Brandt is a tried and true Pro Light truck driver with one of the most consistent race resumes in the record books. John Fitzgerald is an impressive young gun and is showing great potential by dominating the Limited Buggy division in the world of short course racing.

These short course "Aces" have proven their worth through resilience and commitment to meet a challenging schedule of race after race after race. Criss-crossing thousands of miles and racing back and forth from regular life to professional motorsports can take a real toll on not only the drivers but on the crew & programs itself. Recently the two timing duo showed they got the guts and internal workings to race competitively on a back to back schedule. The LOORRS Event in Arizona delivered favored results for PMG with four 1st place finishes, three of those victories earned by Brandt and Fitzgerald. With zero down time, Chris and John darted back to Premiere Motorsports Group's race shop facility in Corona CA to tear down and prepare for the following weekend's season ending TORC Events. Hot on it, both programs made the necessary adjustment and brought home three more 1st place finishes and the very first Premiere Motorsports Group Limited Buggy Championship.

Each of the PMG Drivers will be putting it all on the line to finish off the 2009 LOORRS Season. You can bet their competitors feel the same and the next rounds will be one for the record books. Brandt has nudged out off road champion Robert Naughton, claiming the top seat in the series points battle. Fitzgerald may have his division on lockdown but with these last races to finish off the 2009 series, it is anyone's game.

Television coverage of the Lucas Oil Off Road Series Rounds 9 & 10 will air on SPEED Channel November 7 at 3:00 p.m. and 4:00 p.m. , with additional coverage featured on VERSUS April 3rd, 8th, 10th and 15th all at 5:00 p.m. You can catch a television broadcast of TORC's Las Vegas Finale on the ABC Network on Sunday, November 8th, at 1:30pm EST. Check your local listings to confirm dates and times.
